

# MATTHEW J. KUKLA

mkukla1@umd.edu

<http://math.umd.edu/~mkukla1>  $\diamond$  <http://mkukla.net>

## EDUCATION

---

University of Maryland  
BSc. in Mathematics

Expected 2021

## WORK EXPERIENCE

---

The Math Citadel  
*Researcher*

Spring 2019-Present

- Conducted research in fuzzy set theory and network theory
- Developed software packages
- Contributed to several technical articles

Patton Electronics  
*Software Engineering Intern*

Summer 2016  
Gaithersburg, MD, USA

- Developed a Linux-based operating system for VDSL router prototype
  - Wrote, compiled, and patched hardware-specific kernel modules
  - Tested kernel builds
  - Organized and documented existing codebase

## SKILLS

---

<b>Programming Languages</b>	C, OCaml, Python, Java, MATLAB, shell script, Haskell
<b>Operating Systems</b>	Linux, UNIX (BSD and Solaris), MS-DOS, Microsoft Windows
<b>Software</b>	L <sup>A</sup> T <sub>E</sub> X, RTL-SDR

## PUBLICATIONS

---

**Rings of Typed Ordered Fuzzy Numbers**  
*Authors: Matthew Kukla, Rachel Traylor (2020)*  
*Preprint, arXiv:2010.07764*

## TALKS AND PRESENTATIONS

---

**Categorical Mirror Symmetry of Elliptic Curves (two lecture series)**  
*University of Maryland Geometry and Physics Seminar (2018)*

**Generalized Calabi-Yau Manifolds**  
*University of Maryland Geometry and Physics Seminar (2018)*

## CONFERENCES

---

**University of Maryland Geometry Festival**  
*University of Maryland (May 2019)*

**Witt Vectors, Deformations, and Absolute Geometry**  
*University of Vermont (June 2018)*
